Ms. Riddle,

In response to your May 22, 2012, request for water quality trading program information for Vlasic Foods and the Town of Lewes and their NPDES permits, the Surface Water Discharges Section (SWDS), Division of Water, Department of Natural Resources and Environmental Control, responds:

Please see the attached NPDES permits, fact sheets and a PowerPoint presentation about nutrient trading. Please let me know if you have any questions.

Just an FYI, the SWDS generally includes programs related to Concentrated Animal Feed Operations, Biosolids, Municipal Separated Storm Sewer Systems, Industrial Storm Water, National Pollutant Discharge Elimination System, Pesticide, and Wastewater Construction permits.
